

Covid-19 Updates

As a dental office, we work in very close proximity with patients. This is why we are taking it very seriously to ensure that everyone who enters our office is healthy. We are working diligently to follow all of the recommended Covid protocols.

We will have the following screening questions posted on our door. If you answer yes to any of the questions, please do not enter our office.

Covid screening questions:

- Do you feel sick?
- Do you have a sore throat?
- Do you have a fever over 99°F?
- Do you have congestion or a runny nose?
- Do you have a cough or any shortness of breath?
- Does anyone in your household have any cold or flu-like symptoms?
- Have you recently lost your sense of taste or smell?
- Have you, or anyone in your household been exposed to anyone with covid in the last 14 days?
- Have you, or anyone in your household been tested for Covid in the last 14 days?
- Have you, or anyone in your household been told you need to quarantine in the last 14 days?
- Have you, or anyone in your household traveled by plane in the last 14 days?

If you or anyone in your household has *any* cold or flu-like symptoms, we ask that you please reschedule to 2 weeks after all symptoms have dissipated.

If you, or anyone in your household, has tested for Covid (*even if it was negative*) we ask that you reschedule out 2 weeks from the test date.

If you have been exposed to anyone with covid, or asked to be on quarantine, please do not enter our office. Stay home.

Rescheduling Policy

We do not charge for cancellations or rescheduling.

If anyone in your household is having any cold or flu-like symptoms, we ask that you please reschedule, even if everyone in the household has been vaccinated. Dr. Bunce and staff kindly thank you in advance for not sharing your cold.

Snow & Power Outages

Winter is just around the corner and want you to know, we typically follow the Bellevue & Issaquah School Districts snow schedule. For the most current information during these times, please call our office as we are able to update our voicemail remotely and it will have the most up to date information.

Day to day

Our office is fully open and running. We are welcoming new patients and excited to see old faces alike. Thank you for your kind words to your friends and family about my practice. There is no higher compliment, than your referral. Thank you!

Office Updates

During Covid, many people began working from home to help reduce the number or people in the office and to help stop the spread of this virus, our receptionist included! You will still see Jen in the office just on Wednesdays now.

“This has been such a blessing to see how much I can accomplish all while being remote” - Jen

On that note, we are doing our best to reduce the number of people in the office. At this time, we ask that only the patient enter the office when possible. Please leave extra guests and siblings at home. Parents, we ask that you please wait in the car when possible.

We thank you all so much for your assistance in following these guidelines. We truly appreciate each and everyone of you. Stay safe!

-Dr. Jacqueline Bunce & Staff
